JJIF Convention and the work panels

Dear friends,

The preparations for JJIF convention and general assembly are becoming more and more concrete.

To prepare the panels, work groups, discussions and decisions we want to use a closed forum. <http://ju-jitsu.boards.net/>
This online solution can guarantee that everybody has the chance to follow every discussion in complete and will not miss information or some emails.

It means as well that the responsibility to be informed belongs to everybody itself.

Only persons getting authorized by their national federation (or by position in JJIF) will get access to the forum. The authorization means as well that this person is allowed to represent the National federation at least in the dedicated subject he/her works in. NF's can register more persons especially for the different work fields.

Decisions cannot be made in the forum but the results will be the base for the decisions of panels, the board and finally the General Assembly.

A disciplined discussion with clear statements is very important to make this work. Misuse will lead to deletion of posts or even banning from the forum. We reserve the right to moderate the forum and especially restructure threads.

Please register the delegates of your country in the attached EXEL sheet and send this to JJIF General Secretary Dana Mortelmans (dmurgescu@gmail.com).

JJIF Technical Commission

Dear friends,

Adapting the technical commission to the actual requirements and structure following the decisions of JJIF convention and further recommendations the board approved this structure to develop and improve the competition program of JJIF.

The Technical commission as major working group of the JJIF competition is responsible for the development and execution of Ju-Jitsu with the main focus on the competition mode.

Technical Commission
Overall coordination of events, competitions, rules, referee education, referee evaluation
Chairman: President
Operational manager: JJIF Sports Director
Constant Members:
<ul style="list-style-type: none"> • JJIF Referee Director • JJIF General Manager • 5 Continental Sports Directors • 5 Continental Referee Director
Temporary members: further experts due to projects and needs

Global Representation as well as representation of experts from different working fields must be guaranteed.

JJIF *Ju-Jitsu International Federation*

A chairman of the board (if possible) shall guarantee effective working and decision processes. This board member shall support the work by representation in the JJIF board and structural help and will have the political responsibility.

Committees of Disciplines		
Development of the disciplines, rules, referee education, referee evaluation, Commissions should consist of experts from all sides: technical, sportive and refereeing		
Fighting	Duo	Ne-Waza
Chairman:	Chairman:	Chairman: Vice-President Abdulmunem AL Hashmi
Operational manager:	Operational manager:	Operational manager:
Members:	Members:	Members: Alex Paz (Referee)

To continue the actual work we need to appoint members for the Committees of the different Disciplines. The board decided for the first Positions in Ne-Waza but for Fighting and Duo have not been applicants at this time. The Athlete commission already submitted proposals for the different disciplines.

Please discuss and send further proposals to JJIF board (mail@jjif.org) to fill the structure with life and get the groups working.

With the best regards

Panagiotis Theodoropoulos

Referee Evaluation

3. Proposals for the Technical and Referees Committees

The Board feels that the coaches and referees within the JJIF are not communicating and working together properly. This situation is giving raise to referee-related issues presented to us by several national federation representatives.

Therefore, the Board would like to put for discussion before the Technical Committee and the Referees Committee the following proposals:

- a. The evaluation criteria for referees should be agreed between referees and coaches (what defines a good referee for a coach and for a referee may not be identical)
- b. Maybe a coach should be part of the team assessing the referees' performance during official tournaments. Of course, the respective coach must prove excellent knowledge of the competition rules.

As an experiment, the Board appoints two supervisors for the World Championship in Ghent, Belgium, who will watch the tournament and monitor the referees' activity, separately, drafting a written report, which they will discuss together at the end of the competition.

World Championship Athens

4. **Referee education and evolution** (decisions) including penalties and examinations.

The Board decided the examinations for referees will take place as follows:

- Continental B – on regional championships, accompanied by a referee seminar;
- Continental A + World B – on continental championships;
- World A – on world championships.

When a referee is present for examination, the country sending him will be excused from the referee penalty fee for that referee.

5. **Number of referees participating in Duo** (at least for Combat and World Games) – The decision was made to keep the same system of refereeing, but with only 3 judges.
